THE Progress and Prosperity Edition of the Times-Union of Jacksonville, issued on Wednesday, was indeed, all the name implies. Forty pages, crowded with good reading, fine half tones, and what shows prosperity more, column after column of advertising. The Times-Union can, indeed, well be proud of their effort. Not only does it show that the city of Jacksonville is enjoying a wave of prosperity but that the whole state is also. For, is not Jacksonville but the gateway of Florida? The stories of new industries established of new steamship lines coming or already there, of new buildings, either recently built or are being constructed, make one which it is hard for any other city to duplicate.

AT the Booster Club meeting Wednesday evening, the question of providing barrels to be placed on the streets for the reception of waste paper and such, was brought up. These barrels will no doubt, be placed in the near future and whether one is a Booster or not, use should be made of them, for nothing gives a place a more neglected appearance than a lot of papers blowing around, and then aside from that feature, there is danger of causing run-aways. Put your waste paper in the barrels, and if your neighbor has been remiss, pick up the stray piece and consider that you have done a good deed and boosted Fort Pierce to that extent.

Regular Meeting of Boosters

At an enthusiastic meeting of the Booster Club, held Wednesday evening in the Improvement Club hall, thirty-nine new members were enrolled, bringing the total membership up to 127. The Fort Pierce band was present and as usual lent much enjoyment to the occasion by their excellent music. The meeting was called to order by President W. E. Tylander and in the absence of the secretary, A. K. Wilson, A. B. Brown was made temporary secretary. A. B. Brown, for the membership committee, reported, and the following are the names of the new Boosters: Mr. and Mrs. Frank Roylance, Will Crow, Mrs. N. P. Thayer, C. C. Cecil, T. H. Hendricks, Miss Alma Ehrhart, Frank Crogan, A. F. Swain, Mrs. C. Jewell, J. Jandreau, Mr. and Mrs. T. C. Nicholson, W. B. Crocker, Frank Stetson, Howard Horton, Mrs. Julius J. Chisholm, Miss Berta D. Daris, Mr. and Mrs. F. R. Horton, T. D. Carr, F. E. Wilson, Mrs. K. B. Raulerson, Miss Nan Alderman, Miss Ida Jacobs, R. L. Goodwin, Charles Lord, H. W. Scott, Miss L. Kennedy, Mrs. Amy Hendry, Mrs. H. Summerlain, Mr. and Mrs. L. L. Bellamy, Miss Florence Stetson, Miss Jonnie Van Dittmar, Misses Genie and Iowa Andrews, Mrs. S. S. Buell and Ralph VanLandingham. To Mrs. B. B. Pyles is due the credit for obtaining the majority of the new members.

Dr. C. C. Feigel, from the entertainment committee reported that they had gotten down to work, and announced that later in the evening they would give a substantial demonstration of the fact.

J. E. Andrews, from the improvement committee, reported that they had organized and were ready for work and would have a report for the next meeting. He asked that a committee of two be appointed to confer with the sanitary committee of the city council in regard to the placing of barrels on the corners and about the streets as a receptacle for garbage.

J. E. Andrews and Dr. C. C. Feigel were appointed as such committee, and President Tylander urged upon all the members to use the barrels when they were put up, and not to throw papers about the streets.

Judge Penney announced that there would be a meeting of the finance committee in his office next Tuesday evening at 7:30.

As there was no further business, all present were asked to adjourn down stairs to the supper room, where the entertainment committee had prepared a tempting spread. Sandwiches of all kinds, pickles and ice tea were served upon long tables, and everyone thoroughly enjoyed themselves.

The entertainment committee's first effort was indeed a success and to them the credit is due for a most pleasant evening.

Mrs. John W. Underwood and two daughters, who have been the guests of Mr. and Mrs. John Hartman, parents of Mrs. Underwood, for the past two months, returned to their home in Bowling Green, Ohio, Wednesday.

"Dandy M" vs. "Ethel Barry"

Burton Master's black horse "Dandy M" defeated R. Carlton's bay mare "Ethel Barry" in the six hundred yards race on the Carlton track at Five Mile creek Monday by half a length. The race was exciting, and but for poor riding on the part of the bay mare's rider, the general opinion of those present is that "Ethel Barry" would have won.

The race was scheduled for Saturday afternoon, but the down-pour of rain on that day caused a postponement until Monday morning at 10:30. Vehicles of all kinds were pressed into service and a large crowd was in attendance at the appointed hour. The betting was lively; the colored population, almost to man, being there with a bet on the St. Augustine horse, which fact was remarkable, as Carlton's jockey was a colored boy.

The horses made a beautiful start, and ran closely together, with Ethel leading, until she ran off the track into the palmetto brush, which caused her to falter, and Dandy M, beautifully ridden, came on and won the race by a few feet.

Mr. Carlton was not satisfied with the result and offered to race the horses again for a purse of \$200 or \$500. Mr. Masters declined another race, saying the purse was not large enough. An offer was made to make the purse any amount and the race to take place as soon as Mr. Carlton could secure a jockey. The question of a future race has not been decided.

The officials of the race were: Judges, Charles Edwards, B. T. Summerlin and G. W. Williams; starters, George Drawdy and John Powers.

No time was kept of the race. Joe Shonder had the mount on Dandy M, while Will Dixon rode Ethel Barry.

The Electric Light Franchise

The franchise which is asked for by the St. Lucie Ice Company for the establishing of an electric plant in the city to furnish lights to this city and to private consumers has been thoroughly revised by the special committee appointed by the council and the Ice Co. As a copy was not ready for publication this week that the people might be thoroughly conversant with the new provisions, the matter will not be taken up by the council until after the publication of the franchise next week. The members of the council believe that they should go slow in this matter, as it means much to the city, and the Ice company, the members of which are large tax payers and have the interests of the city at heart, are also anxious to have the question thoroughly understood and discussed. The people can rest assured, that, when the franchise comes up for final passage, it will be fair to all concerned.
